Shri Balaji Education Society, VPO Sultanpur, Tehsil Hansi, Distt. Hissar is an educational society registered under Societies Registration Act, 1860 established on 14.02.2002 vide registration no. 667 (2002-03). From the inception of the society and till the date society has undertaken social works and had conducted many a social awareness programmes viz. Aids Awareness Camp, Importance of Education, Self Help Group Generation, Eradication of Dowry System, Eradication of Child Labour, Anti Drug Awareness, Family Counseling, Old Age Home, etc. Sh. Sandip Malik resident of VPO Sultanpur is President and Ms. Priti R/o VPO Sultanpur is the Vice President of the aforesaid society.

VISION

At Shri Balaji Education Society complex, society is continuously striving towards providing academic excellence for better career stability of the entrants. As an education-hub, vision of the society is focused on:-

- ❖ To come up as centre of excellence in the field of Education by adopting Modern Techniques and training
- ❖ To promote academic excellence, discipline, personal character, high sense of ethical and moral values and spirit of national integration among the student.
- ❖ To establish, take over, organize, promote or run educational institutions, schools, college, professional institutions, Academics, Laboratories.
- ❖ To build right attitudes, values, ideals and ideologies in pupils and to render selfless service to the community.
- ❖ To nurturing students on value based education of the components viz. Quality education, Human values, work culture, discipline, personality development and team work.
- ❖ To sum up the sole aim of the Society is the promotion of good quality education in the area of its operation i.e. as per the constitution. For this purpose said society is engaged in providing education to the student of the area nearby to the Sultanpur. The society is providing better education to the student at lower cost. The society is charging nominal/prescribed fees and providing it in village so that more and more students can come and avail the opportunity of education at their doorstep.

AIMS & OBJECTIVES

The said degree college is situated in village SULTANPUR. This village and nearby villages has lots of young children. These children are unable to pursue their higher education as there is no nearby college. They have to go to cities for their higher education. If this college is run, the children will benefit a lot. They can pursue their studies alongwith helping their parents in their farms & homes. Also, a large population of girls will be benefitted who can't go out for their studies. Parents will willingly send their

daughters in this college as this will lie in their locality. Their children will be safe when they are around. As a whole, this college will be beneficial to children & society.

DEVELOPMENT PLAN

Society has now plan to start Degree Course at Sultanpur as there is no other degree college in the radius of 35 kilometer. Society will run the degree college in the name of SINGH RAM MEMORIAL COLLEGE where society will provide Degree Course as approved by the Competent Authorities. The Course will be prompted by the experienced promoters mainly by Sh. Sandip Malik as President and Ms. Priti as the Vice- President. Society owns approximately 8 acre of land at Sultanpur and has completed the construction of the building according to the requirements of degree Course.

RESOURCES

A) Site:- The management of the society has already own sufficient area of Land at Sultanpur for the purpose of instituting Degree Course. It is prestigious location and is well connected by the road. The premises will be spread over a lush green land and have a calm, pleasant and pollution free environment of the degree Course.

B) Manpower:- The total manpower requirement has been estimated at 25 persons comprising 22 academic staff and 3 Administrative Staff. All the personnel to be required will be professionally qualified and technically trained and will be recruited through a proper channel. Remuneration considered for the persons to be employed are based on the current rates being offered to the same categories of persons by other units in the state. Further perquisites and benefits has also been considered.

C) Building and Infrastructure:- The building of the degree institute shall consist of administrative block comprising office room, conference room, principal room, director's office, staff rooms, rooms for dispensary, examination rooms, common room, record room, laboratories, store room, and other basic requirement. The society has also planned to build hostel for the students. Hence society will be equipped with all the infrastructure facilities required.
